

# PANEL BUILDING SERVICES

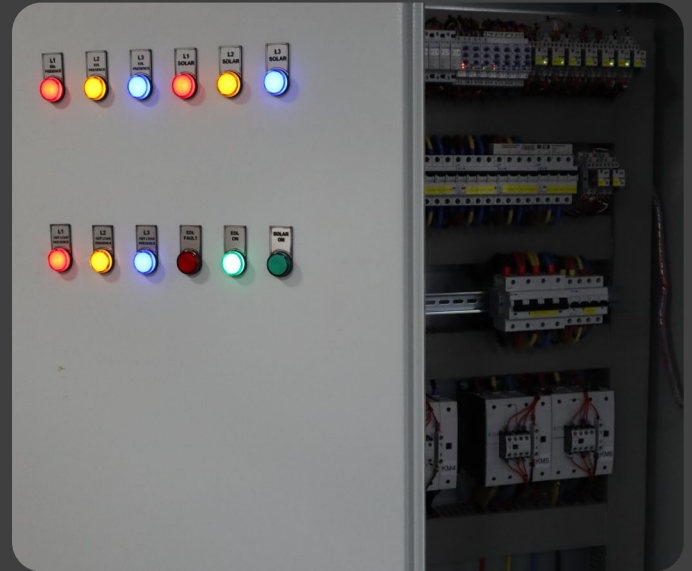

# PANEL BUILDING SERVICES

## WHO WE ARE

At **ECOSYS**, we specialize in **power solutions** that extend beyond solar and PV projects. With over **15 years of experience**, we design, build, and refurbish panel boards to meet industrial, commercial, and residential needs.

As certified Eaton Panel Builders, our work is backed by leading global brands, ensuring top-tier quality and reliability.

## OUR SERVICES

### New Panel Boards

- Custom-designed panel boards built with high-quality brands to ensure durability, safety, and performance
- Tailored to your system requirements
- Suitable for industrial, commercial, and residential projects

### Certified Panel Building

- Compliance with international standards
- Advanced workshop tools (e.g., European high-end Copper Machine)
- Skilled technical team

### Refurbishment of Old Panel Boards

- Extend the lifespan of your systems with cost-effective refurbishments
- Upgrade capacity
- Improve efficiency & compliance
- Minimize downtime

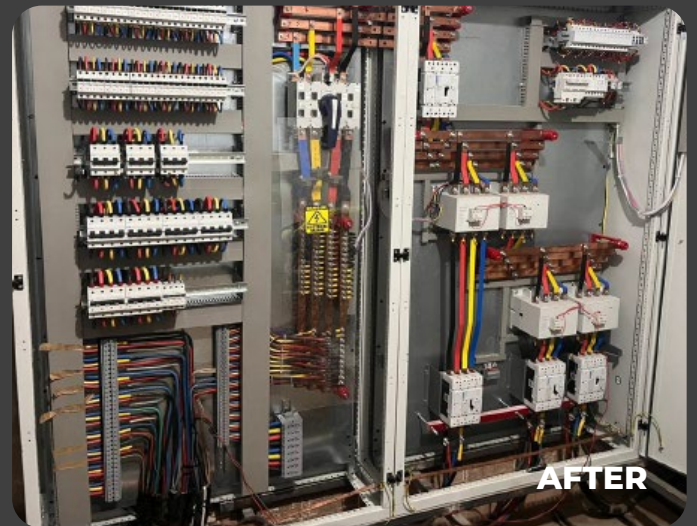

## WHY CHOOSE ECOSYS?

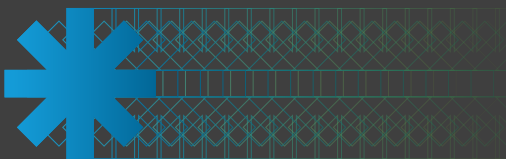

- Over 15 years of proven experience
- Eaton-certified panel building expertise
- High-quality branded components
- Customer support hotline
- Comprehensive maintenance & after-sales service
- Customizable solutions for every client
- Quick turnaround refurbishment projects
- Commitment to sustainability

## OUR PANEL BUILDING SERVICES SUPPORT:

- Industrial Facilities
- Commercial Complexes
- Residential Developments
- PV & Renewable Energy Projects

We combine **technical excellence** with **energy efficiency**, helping clients build **reliable and sustainable** energy infrastructures.
